March 18, 2024

We have just been informed that Earth Inc. will commence the Lift Station work near the intersection of Wisconsin Avenue and Thomas Hill Road starting tomorrow. The intersection will be intermittently closed during this time; there may be times when traffic may be allowed through, but in emergency situations, the contractor has requested that you plan alternate routes from March 19, 2024, through Friday, March 22, 2024. Construction will likely continue during the week of March 25, 2024, through March 29, 2024.

A website has been set up at <https://www.vil.edgar.wi.us/thomashillroad> and <http://www.vil.edgar.wi.us/wisconsinavegeorgewagnerdrive> that will provide all the latest information on the project along with the plans.

Thank you – Village of Edgar"
