March 18, 2024

We would like to inform you that due to recent weather conditions, we have been notified that the Hwy H (North and South) sewer project originally scheduled for this week is now expected to begin during the week of April 1, 2024.

In light of this delay, we would like to extend the opportunity to residents along the "North" project route who may wish to take advantage of a free camera inspection of their private lateral. This inspection would be conducted by M & E Construction, and we would ask interested residents to schedule this service as soon as possible. M & E Construction can be reached at 920-470-6066 or 920-202-0321 to arrange for the free camera inspection.

A website has been set up at <https://www.vil.edgar.wi.us/3rdavenueproject> that will provide all the latest information on the project along with the plans.

Thank you – *Village of Edgar*
